EUPO Course 2017 in conjunction with the SOE 2017 Congress

EUPO, European University Professors of Ophthalmology, is the organiser of the annual course for residents in training. The courses were established 1988, involving an annual structured sub specialty in ophthalmology. Most of ophthalmology curriculum is covered over a 4 years period to allow residents to get an overview of theoretical knowledge during their residency period. Every second year the EUPO Course is organised in connection with the SOE Congress. EUPO 2017 will be organised in Barcelona one day before and during the first day of the SOE 2017 Congress.

Final Programme

Friday, 9 June

Course Directors:

Friedrich Kruse, Jesús Merayo,
Gabriel van Rij

Morphology, anomalies, and tumors

- 08:35-08:45 Opening
08:45-09:15 Morphology of the normal human cornea
09:15-09:45 Corneal disorders in children and congenital anomalies of the cornea
09:45-10:15 Tumors of the cornea and conjunctiva
10:15-11:00 Break

Inflammatory and non-inflammatory

- 11:00-11:30 Role of inflammation in ocular surface disease
11:30-12:00 Dry eye and clinical disease of tear film, diagnosis and management
12:00-12:30 Non-inflammatory corneal pathology, Salzmann and Terrien
12:30-14:00 Break

Ocular surface reconstruction and keratoplasty

- 14:00-14:10 Young Ophthalmologists
14:15-14:45 Ocular surface reconstruction
14:45-15:15 Corneal transplantation: Anterior lamellar
15:15-15:45 Corneal transplantation: Posterior lamellar
15:45-16:15 Break

Corneal examination, keratoconus and dystrophies

- 16:15-16:45 Corneal examination techniques
16:45-17:15 Keratoconus and pellucid marginal degeneration
17:15-17:45 Corneal dystrophies

Saturday, 10 June

Course Directors:

Friedrich Kruse, Jesús Merayo,
Gabriel van Rij

Bacterial, fungal and acanthamoeba

- 08:00-08:30 Bacterial keratitis
08:30-09:00 Fungal and chlamydial infections
09:00-09:30 Acanthamoeba keratitis
09:30-10:00 Break and exhibition
10:00-11:30 Opening ceremony
13:15-14:00 Keynote lecture
Evolution of retinal surgery

Dry eye, eyelids and contact lenses

- 14:15-14:45 Meibomian gland dysfunction
14:45-15:15 Assessment and step by step management of allergic eye disease
15:15-15:45 Therapeutic use of contact lenses in ocular surface disease
15:45-16:15 Break

Keratoprosthesis and Refractive surgery

- 16:15-16:45 Keratoprosthesis
16:45-17:15 Intra stromal refractive lenticule extraction
17:15-17:45 Quality of vision after refractive surgery

INVITED SPEAKERS

Dimitri Azar	USA
Michael Belin	USA
András Berta	Hungary
Joseph Frucht-Pery	Israel
José Güell	Spain
Jesper Hjortdal	Denmark
Murat Irkeç	Turkey
Philippe Kestelyn	Belgium
Carina Koppen	Belgium
Friedrich Kruse	Germany
Frank Larkin	UK
Christopher Liu	UK
Francois Malecaze	France
Jesús Merayo	Spain
Conor Murphy	Ireland
Joaquim Murta	Portugal
Uwe Pleyer	Germany
Paolo Rama	Italy
Berthold Seitz	Germany
Stefan Seregard	Sweden
Stephen Tuft	UK
Gabriel van Rij	Netherlands
